CreoConcept - what do we do?

We supply and install modern **aluminium and glass systems** (walls and internal doors). Our products are characterised by exceptional design, high acoustic parameters and flexibility of use.

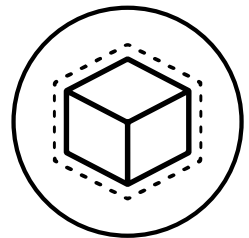

We also offer acoustic products made from this material: **ecoPET, Smart Office panels, and smart adhesive film PDLC from Gauzy.**

Comfort in the office - key assumptions

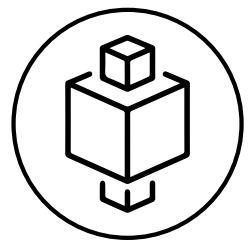

Sound insulation

for complete concentration

Flexible spaces

an asset for dynamic teams

Functional and aesthetic

These are the kind of offices you'll want to come to!

Remember, well-designed offices promote employee well-being, which in turn improves productivity and the completion of daily tasks.

Acoustic glass walls

TIP!
Click & see more

System PURE

🔊 | Acoustic insulation: **Rw 33 - 41 dB**

System SILENCE

🔊 | Acoustic insulation: **Rw 43 - 49 dB**

System ULTRA SILENCE

🔊 | Acoustic insulation: **Rw 44 - 52 dB**

System IN SILENCE

🔊 | Acoustic insulation: **Rw 53 dB**

Discover the basic glass partition systems from CreoConcept.

Fire resistant walls

System PURE FS
🔊 | Acoustic insulation: **Rw 38 - 40 dB**

🔊 | Acoustic insulation: **Rw 38 - 41 dB**

System SILENCE LOFT

🔊 | Acoustic insulation: **Rw 40 - 53 dB**

System ULTRA SILENCE LOFT

🔊 | Acoustic insulation: **Rw 43 - 57 dB**

 **System SILENCE LOFT FS**

🔊 | Acoustic insulation: **Rw 42 - 47 dB**

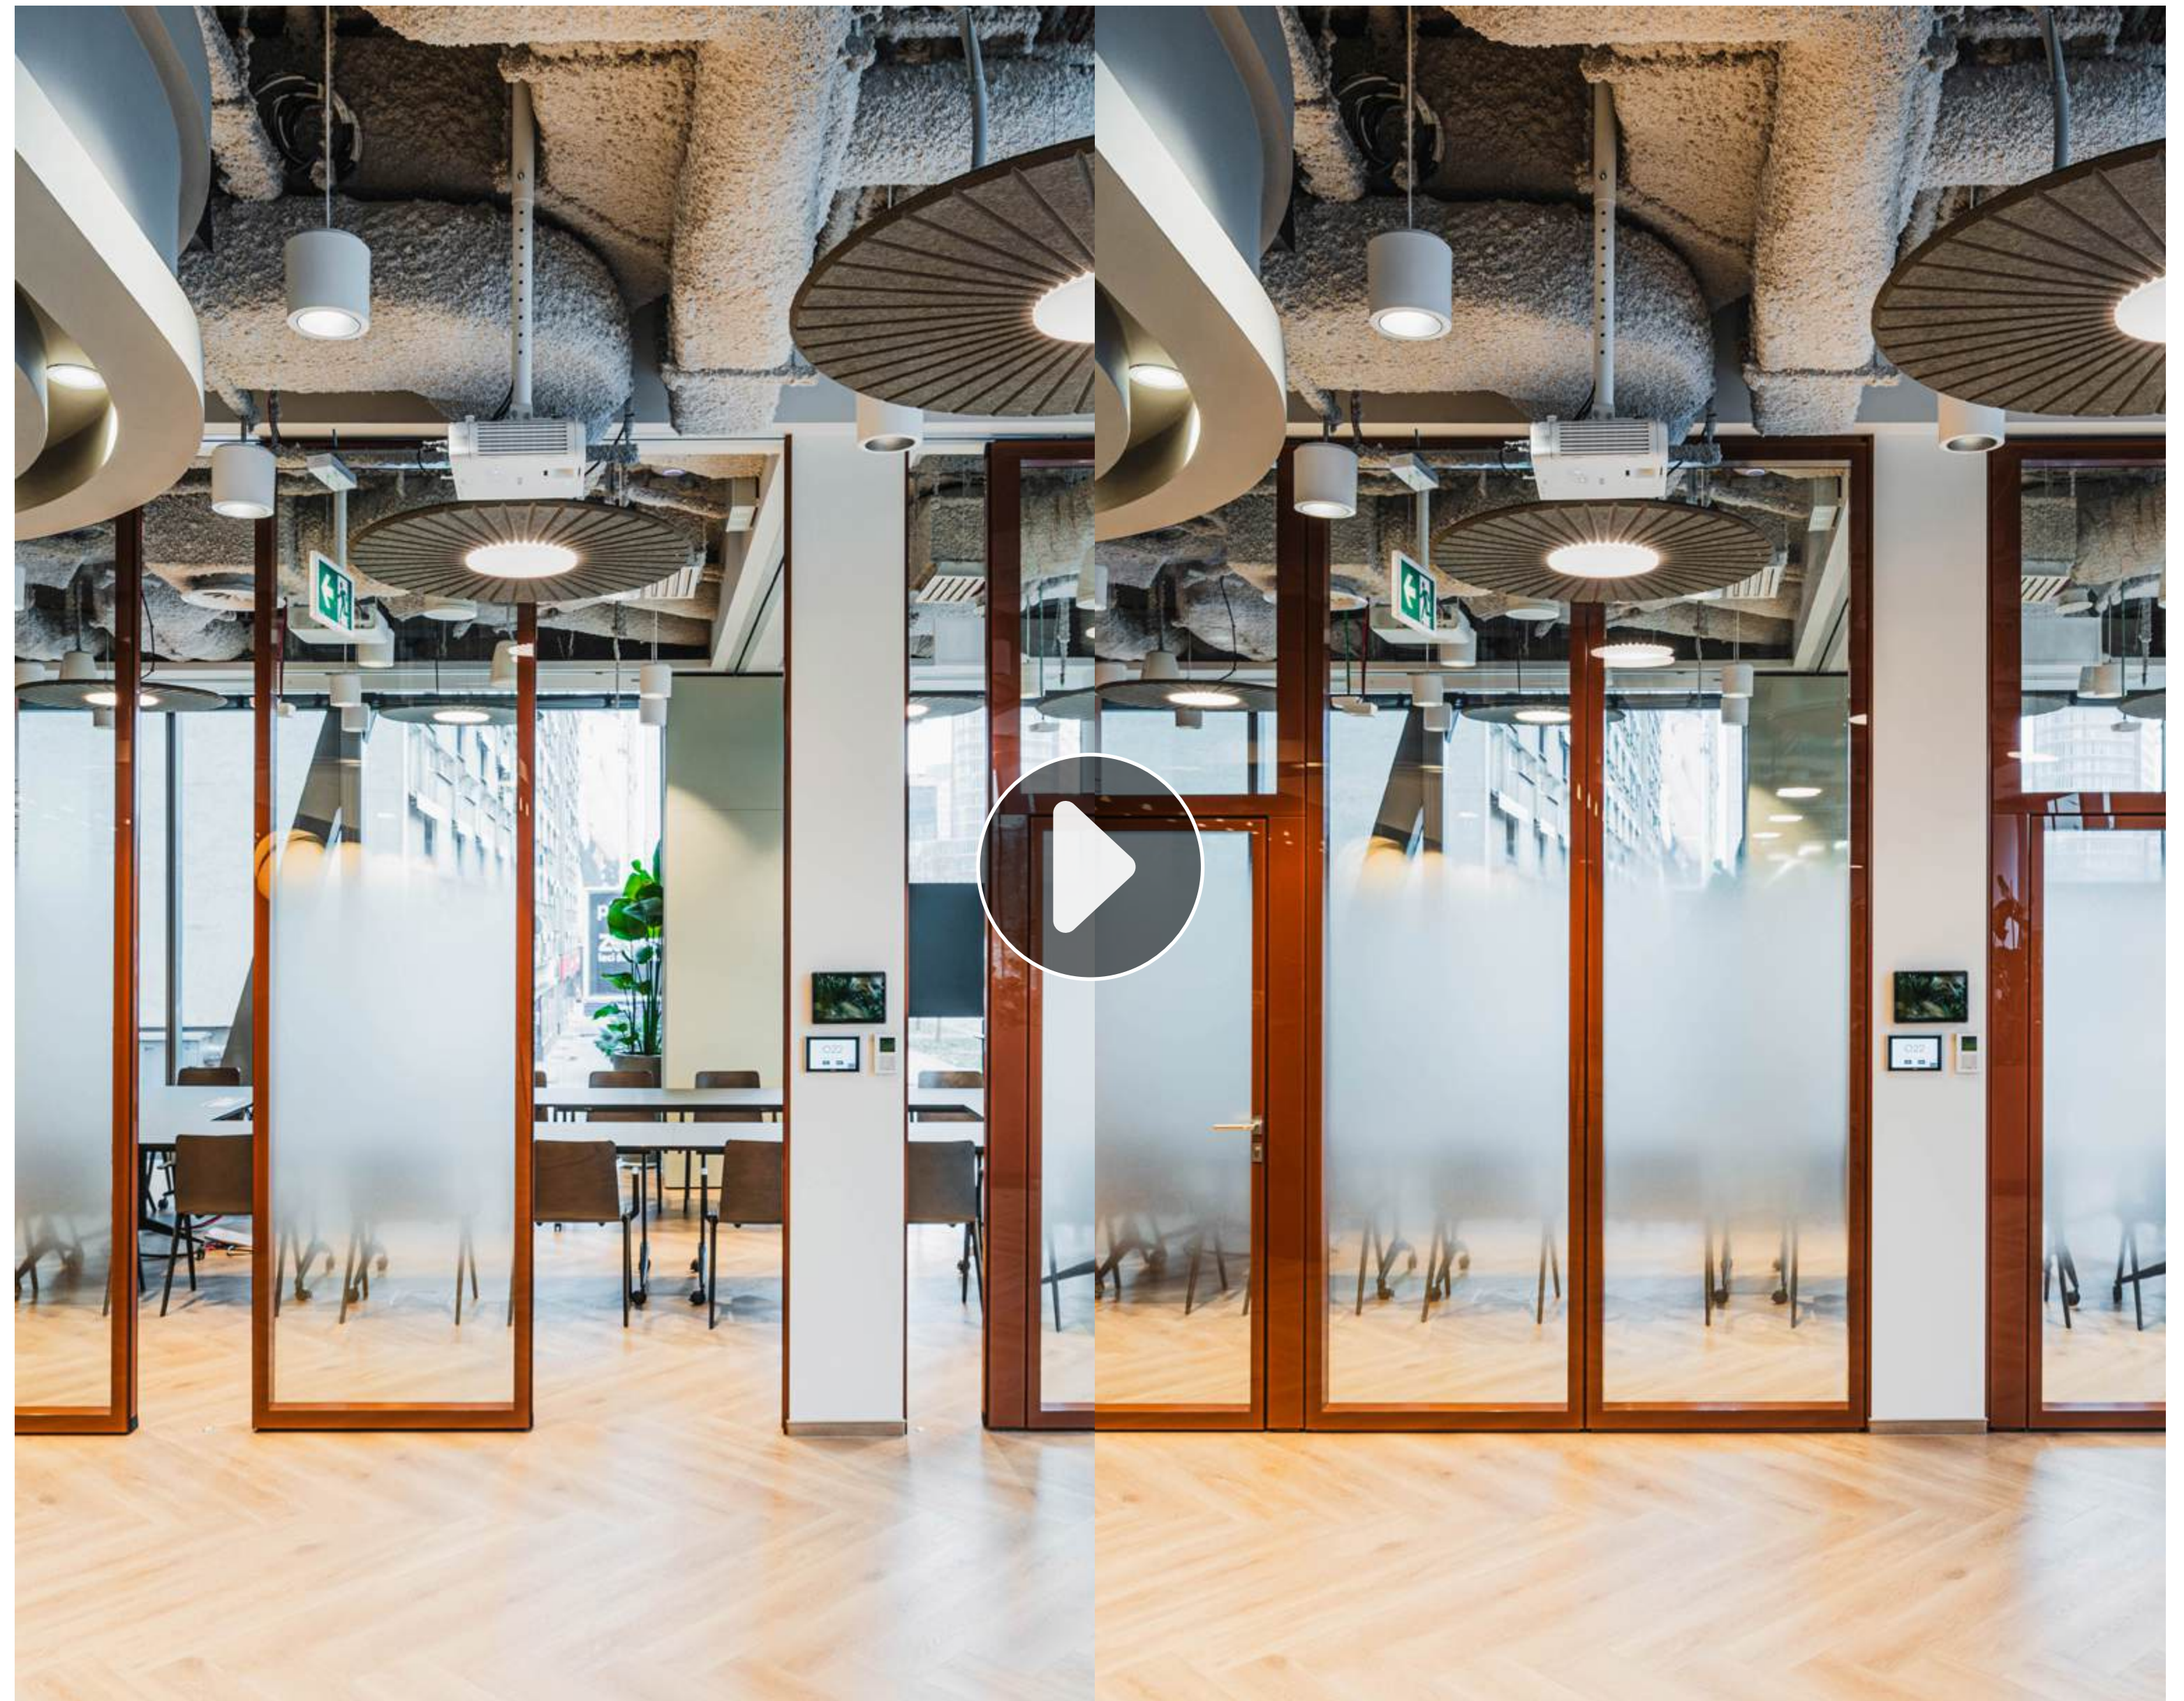

Mobile Walls

reddot winner 2024

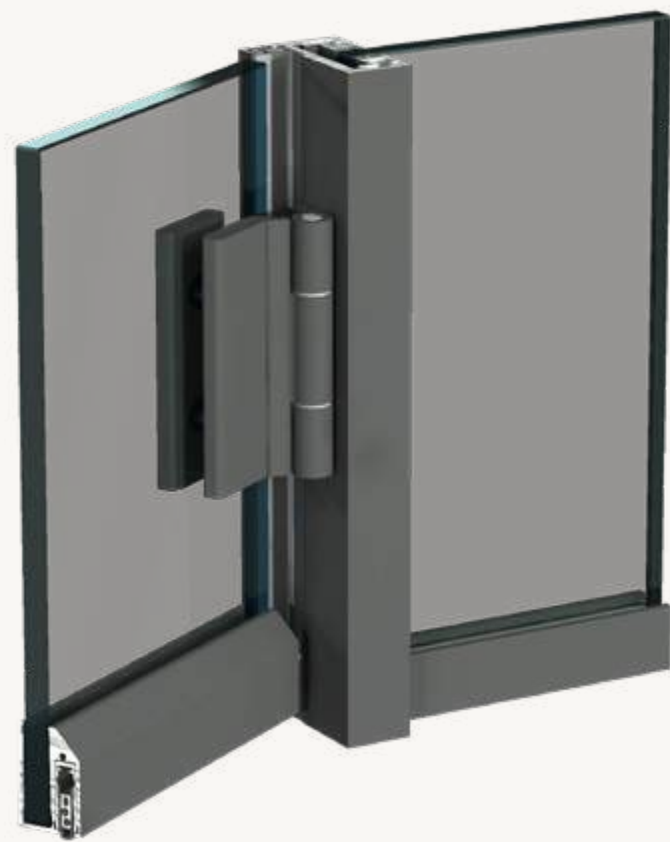

Switch it on and watch as the office space is transformed in a matter of moments by the mobile walls.

Interior doors - the best solutions

With CreoConcept doors – both all-glass and solid – you can create offices that offer impressive design and comfort of use. Light-transmitting glass doors make rooms appear more open and spacious, while solid doors provide privacy.

FRAMELESS GLASS Doors

🔊 | Acoustic insulation: **Rw 34 dB**

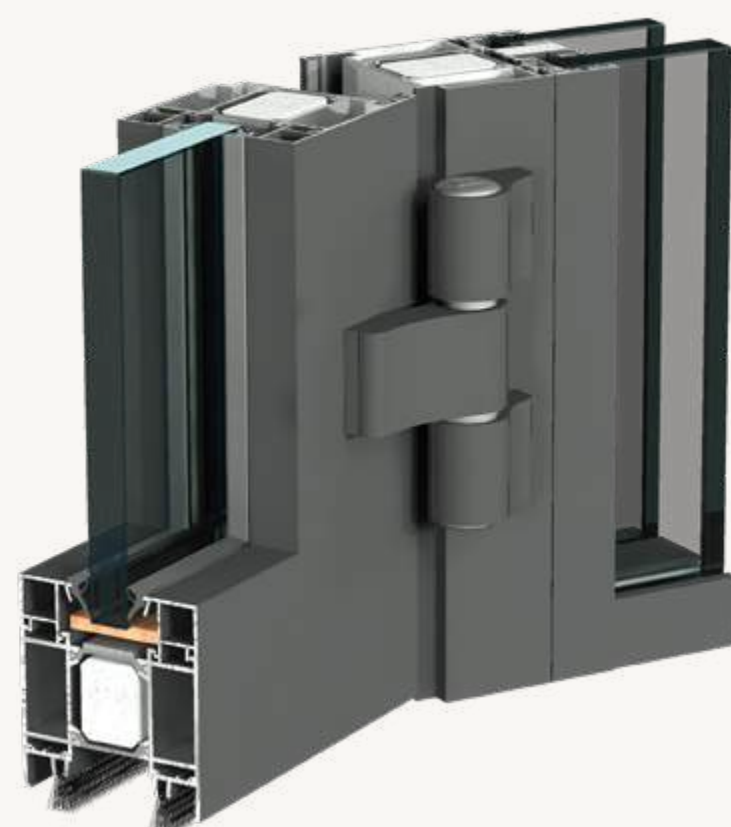

STANDARD Doors

🔊 | Acoustic insulation: **Rw 34 - 40 dB**

STANDARD 78 Doors

🔊 | Acoustic insulation: **Rw 39-42 dB**

Drzwi CLASSIC FS

🔊 | Izolacyjność akustyczna: **Rw 40 dB**

FLUSH DOOR Doors

🔊 | Acoustic insulation: **Rw 36 - 43 dB**

SOLID Doors

🔊 | Acoustic insulation: **Rw 32, 38, 40 dB**

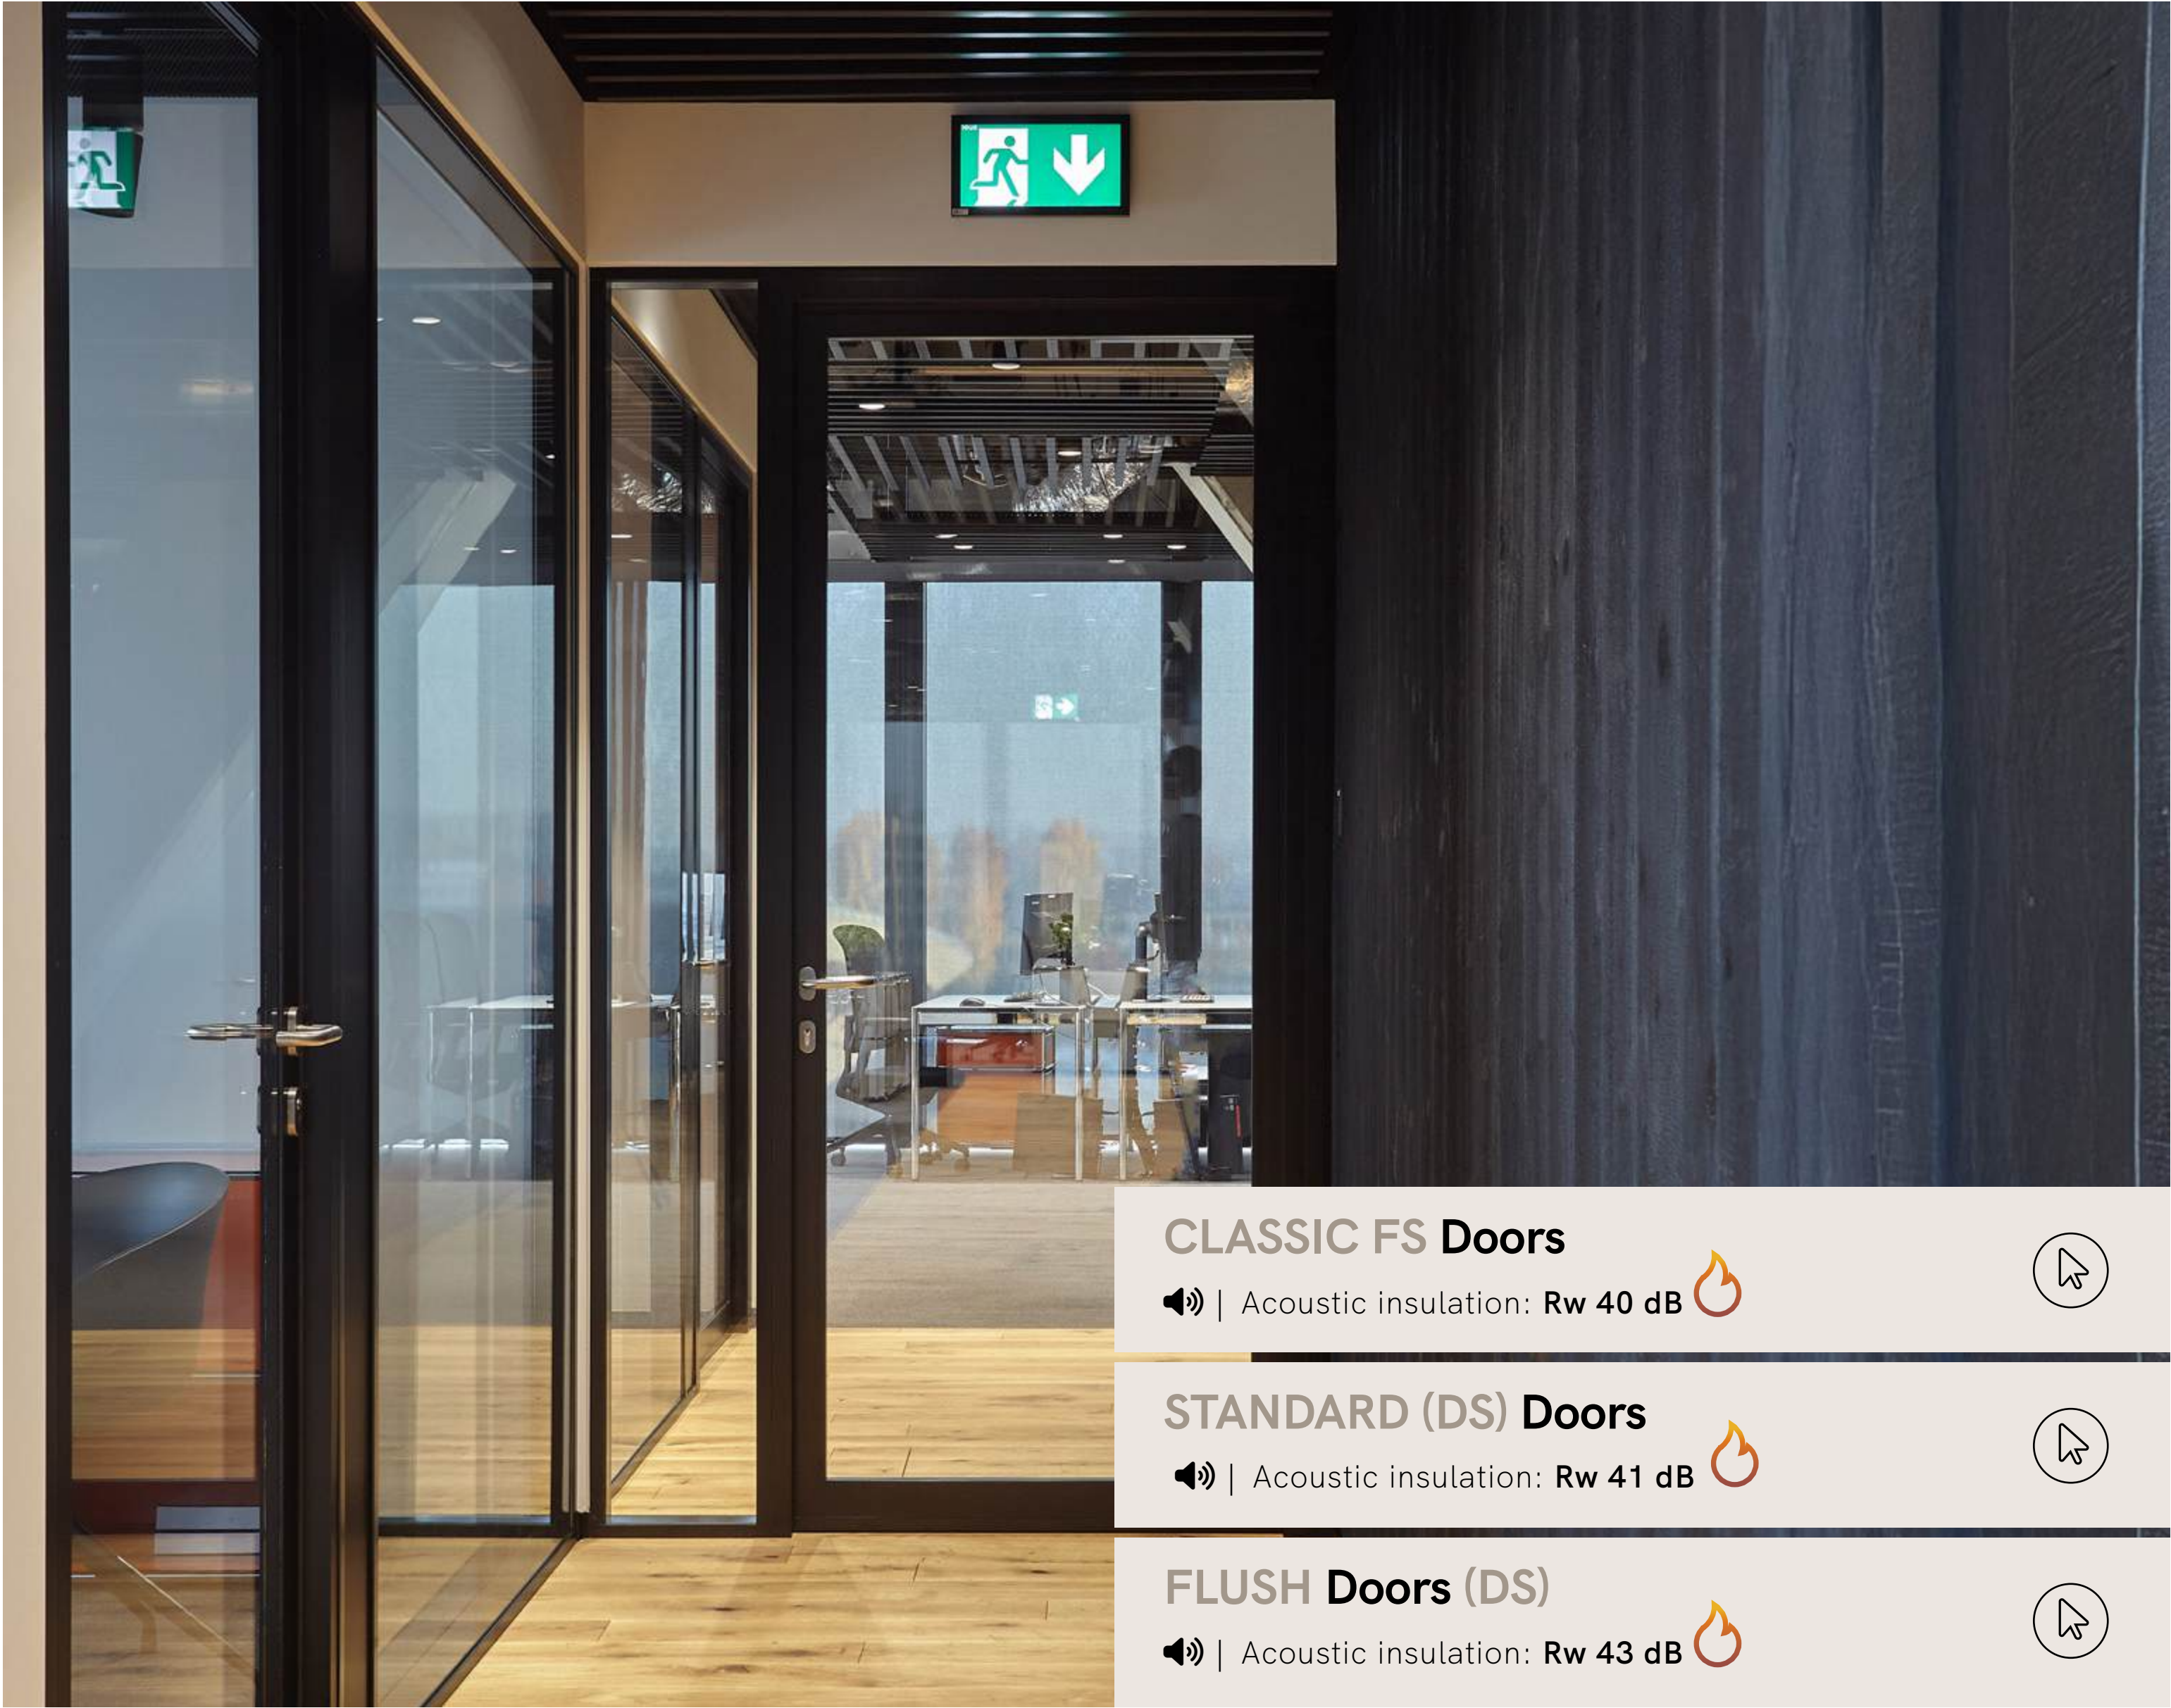

Fire and smoke proof interior doors 🔥

We also offer **Classic FS** doors with a fire resistance rating of EI30.

Remember that in the event of a fire, not only fire-resistant doors protect health and lives. Smoke-tight solutions, which do not let smoke through during a fire, are also important for modern buildings. Therefore, our offer now includes a new feature! From now on, **Standard** and **Flush Door** can also be smoke-tight (**DS**).

CLASSIC FS Doors

 | Acoustic insulation: Rw 40 dB 🔥

STANDARD (DS) Doors

 | Acoustic insulation: Rw 41 dB 🔥

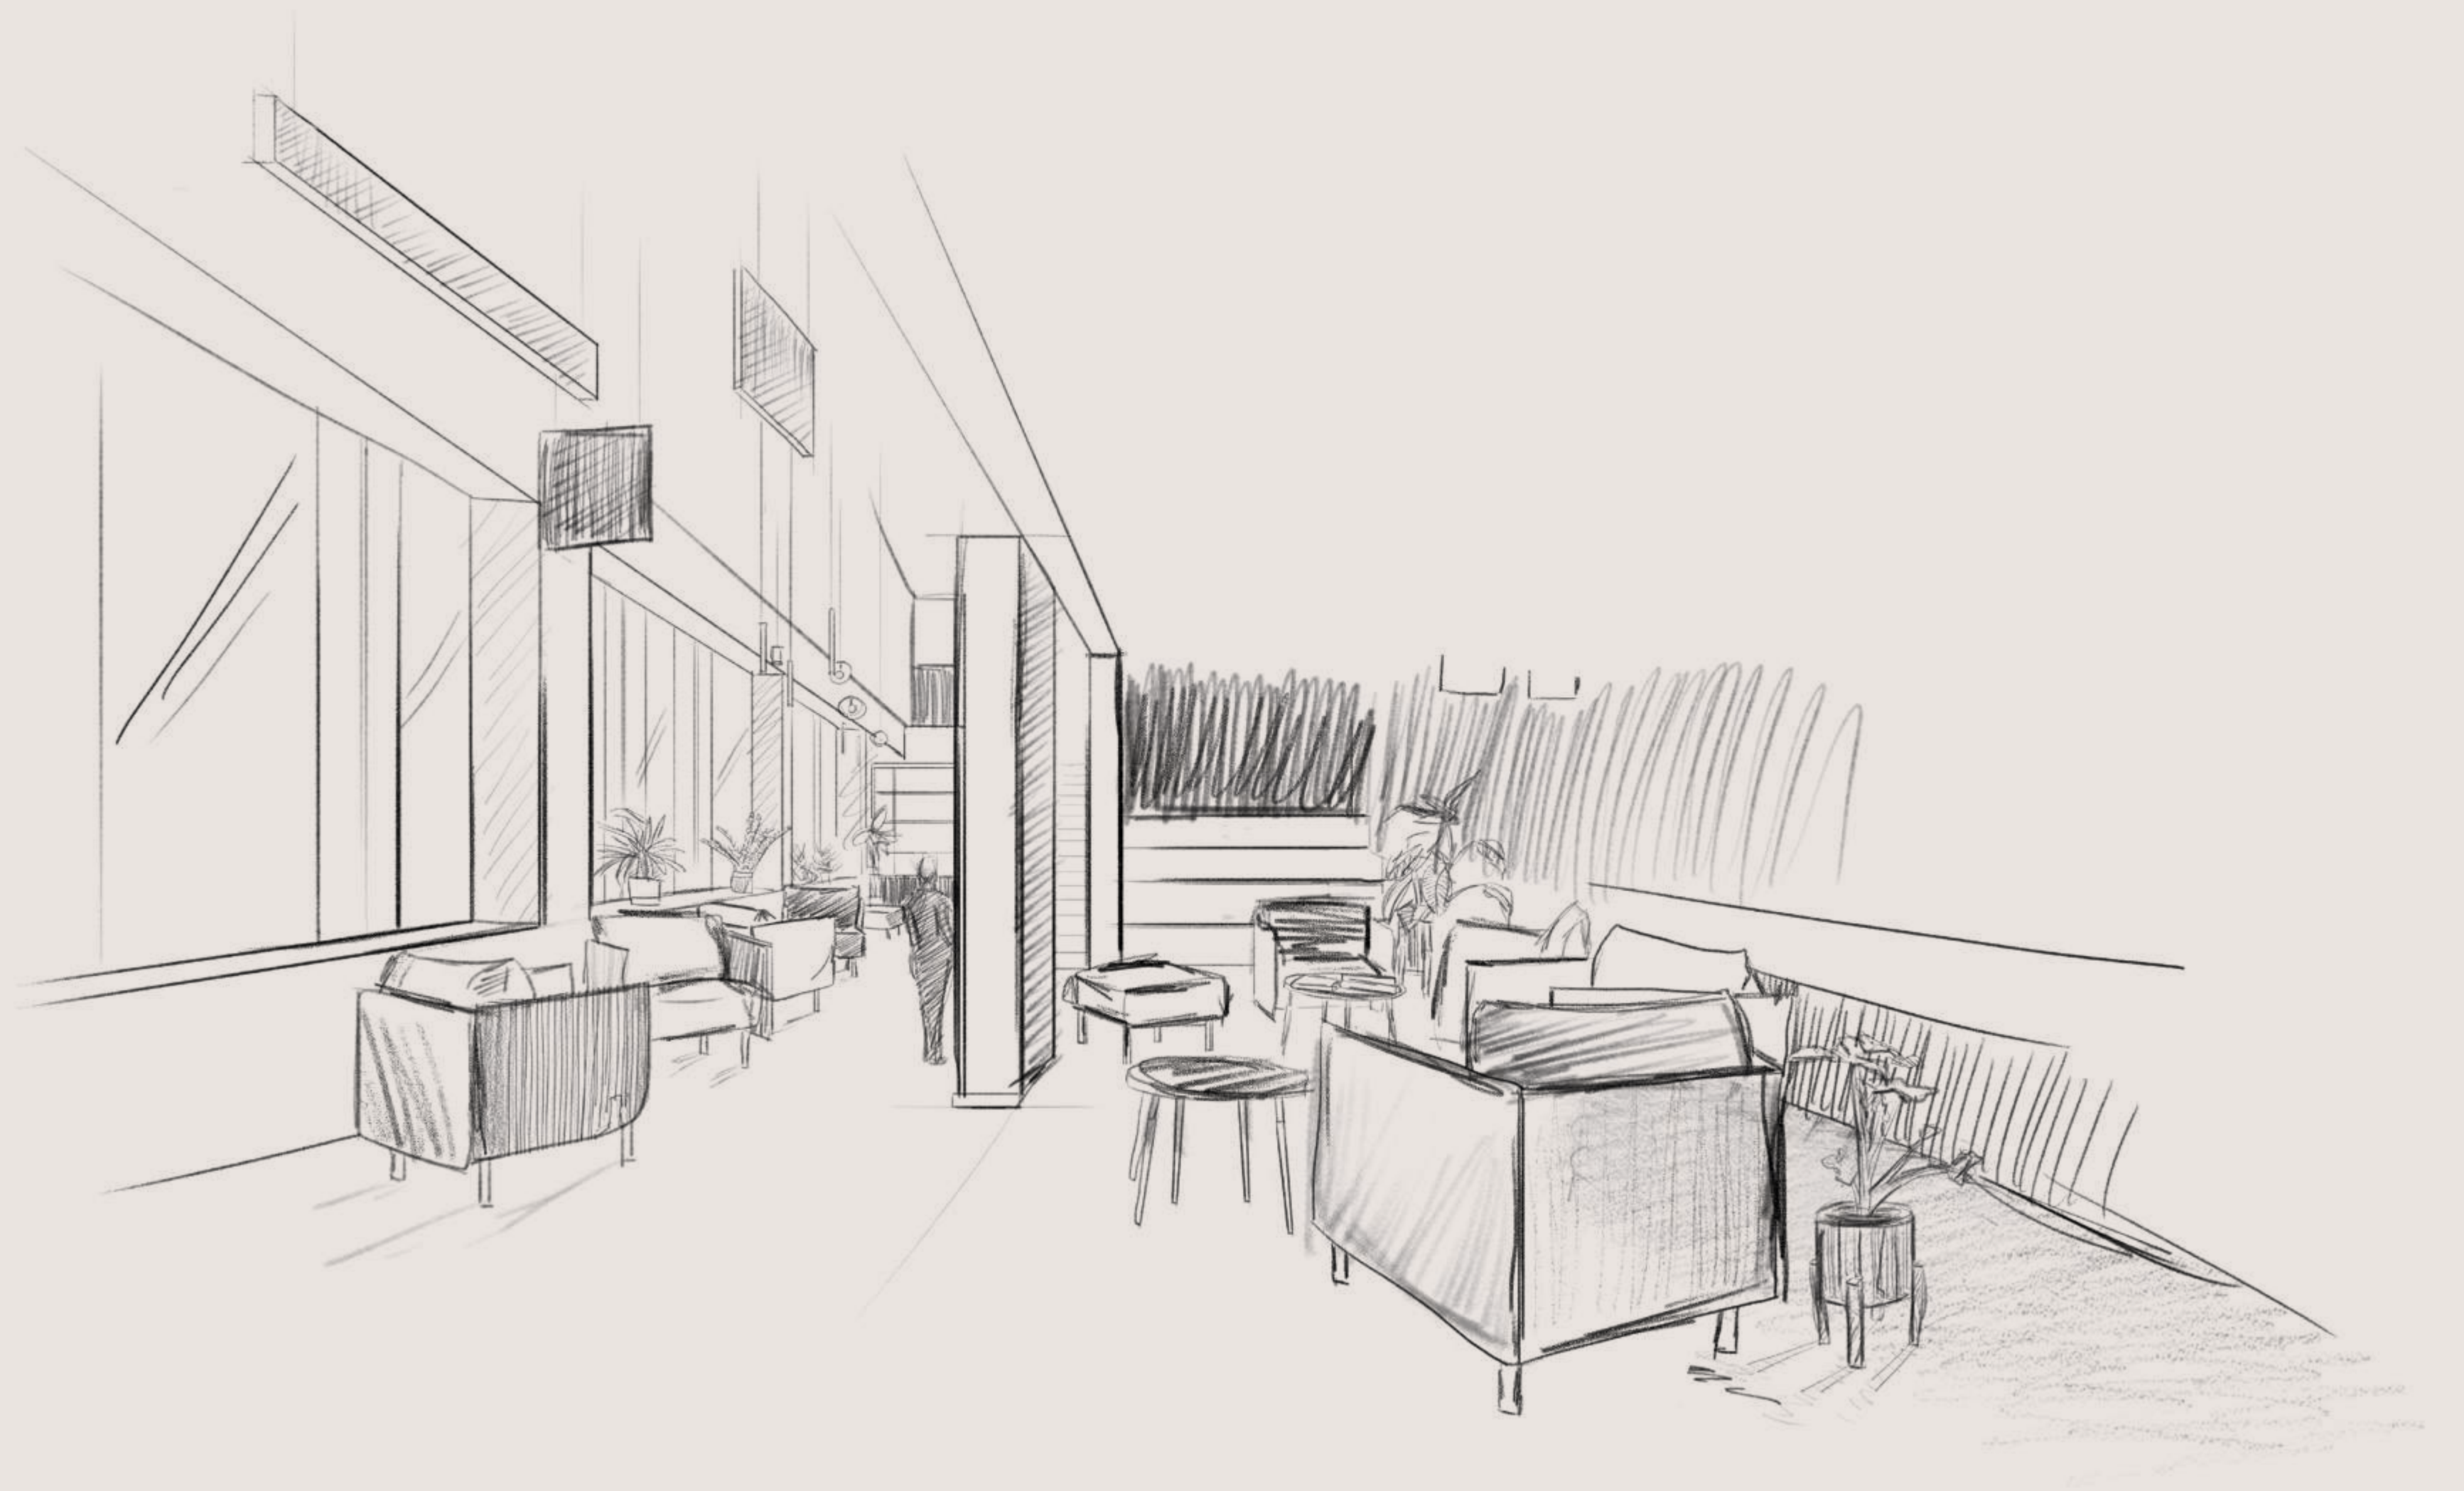

FLUSH Doors (DS)

 | Acoustic insulation: Rw 43 dB 🔥
